Comments and notes on the rental price list:

- The entire residential complex and all apartments are barrier-free and accessible via a central lift system.
- Modern techniques with intercom, locking system, video surveillance and outdoor lighting are available for your safety.
- The apartments No. 1 - 5, 9 - 13, 17 - 21 and 25 - 29 from approx. 33 to 37 m² (type Single) are suitable for one person.
The apartments No. 6 - 8, 14 - 16, 22 - 24 and 30 - 31 from approx. 40 to 52 m² (type Double, Grand) are also suitable for couples.
- A satellite system is preinstalled by the landlord, so that a direct television reception via a satellite receiver is possible. In addition, there is a telephone/internet/cable connection option for provision by Deutsche Telekom or Vodafone Kabel Deutschland. The telephone/internet/cable connection is implemented by the tenant and is not included in the rent.
- The furnishing of the apartments and the common areas is taken over by the landlord and refinanced with the all-inclusive rent.
- The residential complex includes nine parking spaces (two of them for disabled persons), which can be rented depending on the availability. Please refer to the price list on the following page for renting the parking spot and for other optional extra services.
- We have no influence on the price development of utility costs, in particular energy prices, and reserve the right for annual adjustments.
- The m²-declarations are approximate specifications, which may vary slightly subject to the design planning. After completion of the apartment final measurement is made in accordance with II. Calculation Ordinance. The determined area becomes the basis for the rental statement.
